

SAMPLE OUTPUT FILE – TEXT FORMAT

Example

Explanation

2005,AO,,,,,200,,,,,

2005 is the reported fiscal year, AO is the DOI work activity code, 200 workload activity outputs are reported for March 2005, which is a cumulative workload count. Commas are entered for blank fields, and to separate the fiscal year from the DOI work activity code.

2005,0X,58,12,16,18,20,14,,,,,

Workload counts are reported for each month of FY2005 up through March. Commas following the output count for March (e.g. "14") indicate blank fields for all subsequent months in FY2005

2004,72,,160,,240,300,,200,,

2004 is the reported fiscal year, 72 is the DOI work activity code. Workload counts are reported for Dec ("160"), March ("240"), April ("300"), and July ("200"). For Oct-Nov 2003, Jan-Feb 2004, May-June 2004, and Aug-Sep 2004, there were no workload counts (indicated by commas)

2005,AO,,,,,200,,,,,

2005,0X,58,12,16,18,20,14,,,,,

2005,72,,160,,240,300,,,,,

In this example, each DOI work activity is reported on a separate line
